

Super Spike

Cat. No. SSP/G

The HUNZA™ Super Spike is a multi purpose ground spike which adds significant stability when used. It is designed for use with 1/2" NPS luminaires and any HUNZA™ pole lite style luminaire. It is supplied with two snap in adaptors to be used with either 1/2" NPS luminaires or pole style luminaires. The HUNZA™ Super Spike is constructed from UV black polycarbonate. There is sufficient space for a cable connection under the dome. It is suitable for use with aluminium, copper and 316 stainless steel luminaires.

Construction

Dome and Inserts:

Molded from UV stable polycarbonate.

Spike:

Molded from UV stable polycarbonate.

Mounting

The Super Spike is mounted directly on to the ground.

Features

Dome:

The Dome is supplied with a snap in 1/2" NPS female adaptor and 25mm (1") adaptor for pole lite insertion. There is a cable joint cavity at the rear for cable joint terminations.

Spike:

Adds significant stability to any luminaire it is used with. The Super Spike accepts a 25mm (1") pole.

Polycarbonate:

Extremely tough UV stable black polycarbonate, suitable for use with aluminium, copper and 316 stainless steel luminaires - therefore there is no electrolytic reaction between the the metals used in luminaire and Super Spike.
